Last night after writing you a letter and dated it  
and proceeded to go to the movies but not before  
we got our mail. I got one letter from you and  
stuck it in my pocket and took off for the  
show as ~~long~~ we were late as it was the 2nd  
"Meet me in St. Louis" which was very nice  
I would recommend you to see it. I am sure  
you will like it very much.

Well when I get back to barracks I finally got  
a chance to read the letter. My darling you must  
certainly write beautifully. I enjoy your letters  
thoroughly. I love you my darling with all  
my heart. I wish that I were home with you  
right now.

My darling I guess we are going to have a  
Christmas pretty soon now. Up until yesterday  
the weather was beautiful and then suddenly  
it has been snowing all night and it  
looks beautiful under its snowy mantle.  
Tomorrow being Christmas we can expect  
white snow.

Dear one I love you with all my

There was plenty to be done and I was asked to stay  
I could stay too. I worked until 11:00 and now I'm  
tired. I received your letter that you were here  
and you read it. I liked her from you as all  
yesterday. I expect her more tomorrow. I'm  
found in much better spirits. I'm happily glad to  
have you even better when you start. I'm  
I think that the main reason I've been so cheerful  
soon after I got home I received mail from you.  
Dear it was that I haven't written you. I have a  
day. But if you remember when you went back after  
Lynchburg you usually had mail as soon as you  
to camp. But I took a little time until I had  
you. I don't know why but that's the way it is.  
Say am I glad you got that package. I suppose  
that means I'll be seeing you in a while over the  
week. That certainly is something to look forward to.  
I'm having good time for you. I'm sure the  
waiting is worth it. I'll be seeing you through  
I was supposed to go to that hospital but I  
couldn't because I wanted to take a few days  
off. Let me tell you how I'm sure I'll be  
to wake up tomorrow. My eyes are so very tired.  
I made a great many sketches some of them rather  
fancy. It requires close eye work. Then I had the  
old. I'm sure tomorrow I can keep it.  
That means there's twelve hours or so  
coming to me. I could take off the line or get you  
I wanted to take off the line but they won't let  
the other. I don't because it was only means that.

I am sorry in the way  
I have been for late to see the situation  
I want you to be comfortable for please come  
at as you can. I am sure you have to spend time  
travelling - that's at least from deep in the well, we  
to anything about that I guess.

I am happy that you for my letter makes from  
Chicago - that broke the silence. But you received the letter  
I wrote you in the lobby of the Transamerica. You  
mentioned it, I don't think.

Today I was glad as the girls came to office. We had  
enough to do that I told you I was having trouble  
because the girls were supposed to be the organizers  
and in a letter to that effect they did nothing for  
me. I was gone, not a thing, but when I came  
the organizers in my capacity of having being chairman  
the girls called me and asked about it and they said that the  
strength because we had a paper on long time and I was  
blowing my top and spent the week as I was the girls  
that I think. After all I counted on them not to do  
and planned our budget for my next salary but I was  
not up so early. I am going to spend a month in the  
end of it and what can be done.

So far, now I am home to accept the money  
was me 372 - and I'll find out how I can help for more  
I'm as good as myself. I'm being there since anything  
about. I could go for a few day week without  
having too much energy. Well, we see what can be

By the way when I was here I did work for  
for paper money. John was flatter just the  
around here that I wouldn't play of what is

messy and I'm sure I'm a very messy person. I'm  
very glad about it. They called me a good fighter.  
I went to Wilson's - then the chain of stores that  
in sea food and plants - and has a bag of clam  
shrimp fry - with fruit of tomatoes & pineapple. You ask  
coffee - all for \$5.50 plus a water. I was a fun  
to the girl and I used that to. I went in to the  
stark in the long Island dyon and bought some car.

I went back to the office and let a lot of work (don't  
the course of the evening I managed to pull a subway  
to the Book End Club), I was sitting. There were  
from the opposition working around me. When we  
then we discovered some of the ballot were missing. When  
when the fun started and we had just a time when  
we tracked them down. But we did not go home  
were brought to the office and we were able to go home.

On Sunday I'm off Saturday I was the more

said they I was going to that house tomorrow. Then  
I was able to go home and then I was paid  
back.

Well, I've been up a long time and I  
just can't stay up any longer. Goodnight. I'll  
tell her you brought in my names.

Very very much

I say I didn't know that Mark (of the  
either) was home or feeling well. I  
hear that he is OK. I am not  
his wife's news in New York City. I  
realize that for the price she was paying  
she probably could live that much better.  
And when she thinks of New York

that she is a person who follows the path  
of least resistance. She doesn't realize that  
the economists that are at work in New York

I guess you know that  
 But I'll start with the beginning of the day  
 I was in bed my back into bed  
 I woke up at noon - thirty (30) and the first thing  
 that was being passing around in the house  
 coffee. I was a pleasure. I was and found everything  
 ready.  
 After I ate and with the doctor I was back  
 to work and later on the radio. I was very busy  
 day a week I must be busy. At about 3 o'clock I was  
 interrupted by the making of a call. I picked  
 my head up and looked down to see who it was  
 - and I looked down on Ethel and John.  
 They wanted to go see home and of course I  
 for so I said I'd be home in fifteen minutes. I  
 didn't want to take me a whole day. (I had  
 even washed, much less dressed) but I didn't want  
 them to go away.  
 As they were away and I was in a hurry to  
 make the bed, straighten up a bit and get dressed  
 and in about twenty five minutes I was out there  
 waiting for the doctor. I was one to come  
 home and didn't find anything. So I went  
 to John's home and there I found Ethel and John  
 and cousins Helen and Ben who were there and  
 put them regarding to John.  
 A few minutes after I was in the house  
 the pack a car being and really surprised.

of progress in the world. I believe we will win the peace. I build a better world. Now we can look to the future with no fear of seeing a new war there. But we must always be vigilant. The peace of the world is a ceaseless vigil. I believe that in a small place to pay for a society where children can grow in mind and body without prejudice and racial bigotry.

By the way, did Jimmy write to you? He implied when he had been by the "four American". How could he do that? I'll never be able to understand this stupid newspaper.

Do you get any picture of Bess? That's well. He must be looking at you every time he sees her. I'd like to see them. He's a good looking man. I promise to send it back as an enlargement of it. How is about it?

I have just gotten my call through and am able to change the reservation to start on the 1st which is Weds. So don't give ticket and call. O.K. I am worried about whether you understood what my telegram was about.

I really shouldn't say I know that you are intelligent and will understand. I was happy to hear that you spent a pleasant day with the Rosenbergs. My father most certainly will be glad to hear of the community project that Julian and his friends have in mind. Count on me as far as I say it has my vote. I wish you could count on me.

I am glad to hear that I shall be getting those pictures you had taken. I am sure they are beautiful. After all, the work is the most beautiful part in the world. You darling.

a full days work. I received no mail  
but I got your telegram. I am sorry  
you didn't understand what I meant.  
You gave me the answer I wanted.  
I am not at all angry. You will

letter of last week. I think you will  
know by the time you get this.

Tonight I am just relaxing and  
taking things easy. We had fun  
for supper so we (what is it?)  
Hy, Billy and Ben, and off to  
out the bar again. We had  
a time. Afterwards we had a  
discussion. I am a day or

He is a hell of a nice guy and we got along fine. I was taking a book from the library and found it interesting. The book 'Liberalism' is a good book and we had it off very much. So nice in fact that I want to borrow some and I am planning to write on.

As you can imagine from the book a thin and a New York Tribune. I heard the books to be of the better variety. Books by Lyman Swarthout and Robert L. Cook and Louis Calamus. I liked the book if you get the books through the book and club and all.

I am sorry that the time which I have spent in the

 character - as an individual person I cannot say  
 too much. After all looking at books as if I were  
 nearly the working man and you and his to

...dress, wash, etc. When I left this morning no mail had  
as yet arrived. I guess the only thing unusual today was that I  
left the office only fifteen minutes late and oh yes I went  
to the movie - I came home only a little while ago.

I came straight to our home after work and I found a  
letter from you, a perfectly beautiful letter that made my  
heart do a song and dance.

Darling I can very easily understand your feelings as  
regards the destruction of the C. P. I can't tell you more about  
it than I have but I will try my darndest to get you some  
literature on it. After reading your letter - the one you wrote  
Monday - which included in some measure a political  
discourse - made me feel very close to you. It brought  
to mind the many, many times you explained things to  
me. And now I must admit that on a great many other  
occasions I didn't listen to what you were saying. I was too  
thrilled by you and your voice sounded like music from a  
harp.

Now even though you would believe otherwise, even at this  
time I'm not up to your level when it comes to political  
understanding and the ability to analyze a new situation.  
However dear I agree with what you've said. Perhaps its because  
the peoples of Europe have had the war hit hard that they're  
more receptive to a new philosophy of life & are willing to  
change their government. But it will be as you say dear the  
Americans will follow suit but probably a little later.

Your letter was really inspiring and it made  
my heart beat a little faster. I read it in our hall right  
next to the mail box and I guess I must have blushed  
a little because in my mind I saw very vividly our  
love for each other. And when you described it in detail  
(I mean physically) I relived it & then I know I  
blushed because when I walked out on the street my

I had supper in my mother's house and my sister  
Dotty kept asking me over & over to go to the  
movies with her. I didn't want to particularly because  
I'm on the early shift tomorrow but finally I gave  
in.

On my way I stopped in to Jan's mother's house  
there was a V-mail letter from Bernie dated  
January 8. He says he's taking it easy in a rest  
camp so he'll probably be behind the lines for a  
while anyway. Again he asks to hear from you  
but I know that he will very soon and they won't  
be surprised especially when he hears from  
you, Sammy and me too. I know it will make him  
happy mail is very important to him now.

I forgot to tell you, at least I think I did. That  
Bloddy and Jan went down to Washington, D.C. for  
a week. They went for a pleasure trip but at the  
same time they paid their visit to our congressmen &  
let them know the people feeling on such things as  
the soldier's vote, subsidy, food tax, etc. They came  
last Monday but I haven't seen them yet. Bloddy  
bought me a pretty wall plaque as a souvenir  
and life is with Jan's mother for me. I saw it  
on a sign & it's very nice. Just like it.

Well, starting at about 7:30 we were finally on  
our way to the movies. We went to the delancy and  
saw "Girl Crazy" which was so-so and "Henry  
Aldrich Haunts a House" that really had my  
sister in hysterics. Boy she certainly is emotional.

I got out of the morning at 11  
I knew I had to wake up early. I was glad I had  
gone it was relaxing.

Before going to our house I went back to my  
mother's house & prepared my lunch. And then I  
ran home & prepared for bed as fast as I could.  
I wait until more now darling because I was  
unable to get up. More tomorrow.

Goodnight sweetheart. I'll dream of you.

Yours own  
Purkie

Dear Dave:

It was really good to hear from you you doper (kid: didn't those words I called you hurt me more than they hurt you believe me. But as long as we agree upon them it's OK. (no?)

Unfortunately, Mike has been stuck in the house with a cold since last Friday so this couple of funny notes has relieved me so that I could buy some food for the house & see to it that I could buy some food for a suitable present for you, my friend. In the meantime accept these humble words of greeting and keep your eyes peeled for more next week. Some time. Well we are sending off your dear wife with some nice luggage. She certainly deserves a subtle vacation out there in sunny (Tahiti) California. She is one grand gal and manages to subvert everyone even

some small during the night. I was  
 and I got on the train. Then the train started  
 and the engine. I believe each on the morning  
 that I got on that the same because I  
 need to wait. Most of the water had been  
 at the engine at the conductor's house. The  
 water went to a station. The water was, indeed,  
 the first time. If water it was everywhere.  
 being every day because I had to go to the  
 station. I was the same for it.  
 This is the conductor's house. I was for a  
 while. But I had no luck. I was  
 the morning and at night. The  
 water was a day. I was a day.
